

Men's "C" League News

2002-2003 Jacksonville Men's Doubles Country Club Tennis 3.5 League

Jan. 27, 2003

web site: <http://www.tennisjax.com> Doug Matthews, League Coordinator, 464-0700

San Jose Leads 5 Division at 80% W/L YM Continues 7 Division Lead at 84% W/L

Unbelievable! San Jose leads the League! As a former SJ Captain (1988-1995), I didn't know if I'd live long enough to write that headline. For the past 15 years SJ has been mired at the 28-40% W/L record. Now, they're looking "maaavelous"!! With the season half over they lead with an 80% win/loss record. Congratulations to SJ5.

YM7 continues to lead the 7 division with 84% wins. EH7 is 2nd with only 6 matches separating them from first in both the 7West and the 7 overall. In the 7 East Division, OB7 is tied with JG7 for the lead.

In the 5 Division East, DW5 is still holding a lead while OB5 is in 2nd. In the Central, TM5 is 2nd to SJ5.

The sixth standings report is posted on the [tennisjax.com](http://www.tennisjax.com) web site dated 1/24/03. There were no revisions to the captain's roster posted there as well. Captains should download, print and distribute

the results pages to their team members as soon as possible. Please call with any errors or omissions.

Minutes for the Sept. 3rd meeting are also posted on the web site. Rules were voted on at the meeting and the minutes detail the changes. One change dealt with encouraging teams with 7 and 5 partnership teams to equalize talent between both teams. Another rule revision dealt with how many matches could be played in a higher level league before disqualification from playing on the original 5 or 7 partner C team (no more than 3 matches).
